Registration Information

New Students, accompanied by a parent or guardian, may register in the Central Office located temporarily at 200 Friberg Parkway. Please visit the Westborough Public Schools District home page for registration information prior to visiting.

Registration requires proof of residency, a transfer card, health, and discipline records. In addition, official transcripts must be sent from the previous school directly to the high school School Counseling office. Our Principal also requires a written record of any incidents involving suspension, expulsion or legal action.

M.G.L. c.71, §37L

“A student transferring into a local system must provide the new school with complete school record of entering student. Said record shall include, but not be limited to, any incidents involving suspensions or violation of criminal acts or any incident reports in which such student was charged with any suspended act.”

School Cancellation

When school is canceled because of weather conditions, notification will be given via Connect5, and/or the school website, and the following radio and television stations:

Radio: WTAG, WSRS, WXLO, WSRO, WBZ
Television: CHANNELS 4, 5, 7 AND CABLE 12

Please listen to the radio or TV for information regarding school closings and do not call the School Department, the Police, or Fire Departments. These telephone lines need to remain open during storm days to coordinate operations for emergencies.

One or Two Hour Delay in Starting Time

On a day when weather forces a delay in opening school, there will be an announcement via Connect5 indicating whether it will be a one or two hour delayed start. Please use the media listed above for this information.

● A one-hour delay of school will begin at 9:10 am
• A two-hour delay of school will begin at 10:10 am

When there is a one or two-hour delay in our start time, school buses will correspondingly pick up our students one hour or two hours later than the regularly scheduled time. Special Education transportation will also be delayed, unless the student is notified otherwise. Daily dismissal times will always remain as normal (2:37 pm).

Early Dismissal of School

Early dismissal due to weather conditions demands critical cooperation between parents and our school. Notification will be given via Connect 5 and announced over the radio and television stations listed above. We urge parents to take the following precautions:

• Listen to the radio stations for notification of a cancellation.
• If parents are not at home during the day, arrange for the children to have a key to the house or stay at a neighbor’s home.

Bus Information

Students who live more than two miles from our high school are eligible for busing to and from school. The conduct of students while riding buses must be mature and responsible. Violations may result in the suspension or elimination of riding privileges. Students may only ride the bus that they are assigned. We provide a late bus Tuesday through Thursday at 3:40 pm for students who remain after school.

Care of School Property

Students must respect school property and maintain it with pride. Marking or defacing school furniture, walls, ceilings, floors or video and monitoring equipment in any way will result in disciplinary action and full reimbursement for damages. Tampering with the fire alarms, fire extinguishers or any electrical system represents a security violation that carries strong consequences. Anyone who willfully destroys school property through vandalism, arson, or larceny, or creates a hazard to the safety of our students will be subject to legal action and full restitution.

Fire Drills/Evacuations

During a fire drill, students are to follow instructions from our teachers. Everyone must leave the building quickly and quietly according to the instructions posted near the doorway of each classroom. Students should report to their assigned locations and check in with the appropriate teacher. Students may carry cellular phones but may not be on or using phones unless permitted by staff.

Lockers

Students should use assigned lockers for storing books, school supplies and clothing. Valuable items and money should never be left in lockers. Please do not share your locker combination with anyone. Lockers are considered school property and students should not have an expectation of privacy in the contents of school
lockers. Students should realize that lockers may be searched by school authorities when there is a reasonable suspicion of unsafe or illicit materials being kept within.

**Physical Education Lockers**

Every student has an assigned locker and lock in the locker rooms to secure clothing and books. Students should not keep valuables in their physical education locker. Like school lockers, PE lockers are subject to search by school authorities.

**Protocol for Addressing a Question, Concern or Complaint**

There may be a time when a student or parent feels that they have been treated unfairly or disrespectfully. Whenever you need to address a concern, please communicate it immediately to the person involved.

If the concern is about anything to do with a particular class, please contact the teacher directly via email or leaving a voice-mail message. *You can expect a timely response from the individual involved.*

- If for any reason you are dissatisfied with the outcome, then contact the appropriate Department Chair.
- If the matter remains unresolved, the next step would be to call your Assistant Principal.
- If there is still no resolution of the problem, then direct the matter to our Principal.
- When there is a concern about athletics, a conversation with the coach is the first step, the athletic director is the second, and when necessary, an Assistant Principal and our Principal.

**Voter Registration**

Registration forms are available at the Town Hall or in the high school front office.

**Selective Service Registration**

Registration for Selective Service is available in our Assistant Principal's Office.

**Work Permits**

Work permits are issued after a student has been offered a position of employment. The applications and forms are available in the High School Office. If the student is under the age of 16 they will need to have the application filled out by their employer and physician for approval of their physical fitness to work at a specific job after school. Students must bring an original birth certificate or passport only, along with the completed application, in order to receive the permit. The student must be present to sign the permit in front of a school representative.

**CORI Checks**

M.G.L. c. 71, §38R requires all schools in Massachusetts to conduct criminal background checks on current and prospective employees and volunteers, including those who regularly provide school related transportation to students who may have direct and unmonitored contact with children. The CORI law requires a school or
district to notify all persons for whom a CORI is requested that such information is being or may be obtained. Prospective employees and volunteers are required to complete and sign a CORI Request Form which is available through the school secretary at each of the schools, as well as the central administration office at the Forbes building. The Request Form is used to document that we have provided you with notice that a CORI is being conducted and to verify your identity through a government issued form of photographic identification (usually a driver’s license).

School Council Policy

Chapter 71 of the Acts of 1993, Section 53 requires the establishment of school councils in all public schools in the Commonwealth of Massachusetts. The school council is comprised of school administrators, teachers, parents and community representatives. In fulfilling their statutory responsibility, the school council assists in adopting a leadership role in creating a climate in the schools in which faculty, parents, administrators, students (where appropriate) and other community participants, working together, share responsibility for school improvement, better student performance and commitment to and involvement with parents and the broader community. The purposes of the school council are to:

- Assist the principal in the review of the annual school budget
- Assist the principal in the formation of a school improvement plan and educational goals

Student Records: Non-Custodial Parent

Under federal and state law, a divorced or separated parent has full access to his/her child’s student records unless there is a court order, state statute or legally binding document relating to matters such as divorce, separation or custody that specifically revokes this right. Massachusetts law, M.G.L. c.71, §34H, requires the implementation of a standardized process by which public schools provide access to student records to parents who do not have physical custody of their children (non-custodial parents). Non-custodial parents who seek to access student record information pertaining to their child must annually submit a written request to the school principal. More specific information regarding access procedures for non-custodial parents as required by M.G.L. c.71, §34H can be obtained by contacting the building principal or designee.

Special Note on Mailings

Our school periodically mails home important correspondence. Newsletters are only available on our website. Parents are responsible for the security of U.S. mail at home. All address changes are processed at the district office by Donna Latraverse.

Video and Audio Recording of Students

All students and school visitors are on notice that they are subject to being video recorded while in the school building through the school’s closed circuit video monitoring system. Such recording shall not be generally accessible to the public, however, and shall not be deemed to be part of an individual student’s Westborough Public Schools’ student record. Students and parents should also be aware that, on occasion, a student or a group of students may be video recorded and/or audio recorded by school staff as part of a class or school-wide event or activity.

Security Cameras in School

The School Committee works to maintain a safe and secure environment for its students, staff, visitors, and facilities. Security means more than having locks and making certain that doors are locked at the proper times. Security also means minimizing fire hazards, reducing the possibility of faulty equipment, keeping records and valuables in a safe place, protection against vandalism and burglary, the prosecution of vandals, and developing crisis plans. School facilities and their contents, constitute one of the greatest investments of the community.

The School Committee believes it to be in the best interest of students and taxpayers for the district to exert every reasonable means to protect the investment adequately. In pursuit of this objective, the School Committee authorizes the use of security cameras in school district buildings and on its property to ensure the health, welfare and safety of all students, staff and visitors, to deter theft, vandalism and other negative behavior, to safeguard district buildings, grounds and equipment, and to monitor unauthorized individuals in or on school property. Security cameras may be used in locations as deemed appropriate by the Superintendent of Schools in consultation with school officials as well as local law enforcement and emergency response agencies. They may be used in any area, inside or outside of school buildings where there is no reasonable expectation of privacy. The district shall notify students and staff through student and employee handbooks and appropriate signage that security cameras have been installed and may be used at any time. Students or staff identified on security cameras in violation of School Committee policies will be subject to disciplinary action. The Superintendent shall ensure that proper procedures are in place and are followed regarding use, viewing, disclosure, retention, disposal and security of video recordings or photographs from security cameras in accordance with applicable laws and regulations. A video recording used for security purposes in school district buildings and/or on school property shall be the sole property of the school district.

All video recordings will be stored in their original format and secured to avoid tampering and to ensure confidentiality in accordance with applicable laws and regulations. Access to video recordings from security cameras shall be limited to school administrators (Superintendent/designee, School Principal/designee). Law enforcement and emergency response officials shall be granted access to video recordings or the security system, as required to support investigations of incidents or events on school property for safety and security purposes, after giving prior notice to the School Superintendent/designee.

The Superintendent may, from time to time, issue further guidance that is consistent with current laws and this policy.

Field Trips

Students participating in a school-sponsored field trip must turn in parent permission forms to the teacher. We expect the behavior of students on a field trip to be exemplary. Students are responsible for completing all of the work missed as a result of the trip. Students may be prohibited from attending field trips when there are outstanding school discipline issues that would affect participation on the field trip. Students who are tardy to school on the day of the field trip may be prohibited from attending.
Media/Technology Center

Hours: 7:55 am to 3:30 pm (Monday through Friday)

The Library Media Center (LMC) is open daily before school, after school, during break and lunch. All students are required to sign in upon arrival to the LMC or Computer Lab during class times. Permission to use the media center for extended periods of time should be arranged between the student, a teacher, and a media center staff member.

Students must respect all materials and conform to the rules set up by our Media Center specialist and technology coordinator. Students must have signed Acceptable Use Policy forms.

It is expected that an atmosphere will be maintained in the LMC that makes it possible for all students and staff to be productive. You should come to LMC with a purpose in mind. You are asked to keep talking at a minimum voice level so that you do not disturb others. If participating in group work, please remember to respect others who may be in the LMC.

Students are encouraged to use the automated card catalog and networked computers to locate materials for research projects, to answer questions and to obtain reading material for pleasure. Students are encouraged to learn skills to promote lifelong learning. Books and other materials are checked out for two weeks and may be renewed. Students pay for lost books by a check to Westborough Public Schools.

Students may check out as many items as they would like to be responsible for. Students should be up to date with fines and material returns. Students may be asked to limit checkouts due to class research projects or if their obligations have not been taken care of. Interlibrary Loan Service is available. In most cases, we can locate what you need and place the request. Contact an LMC staff member for assistance with this or place a request through the LMC website.

Student Insurance

Each year the high school offers an inexpensive student insurance policy only available during the first few days of school. Insurance forms are available in the office. Even if you have other insurance, this plan covers unpaid balances, fills in deductibles and generally pays those expenses not covered by other plans.

Student accident insurance is available in different plans or combinations: 24-hour coverage, school time, dental and life.

Accidents or Illness in School

If an accident occurs during school hours without a teacher in direct supervision, (example - falling between classes); please report the incident to our nurse. The nurse provides a written report on all accidents that occur in school to our Principal and Superintendent.

Students who become ill after arriving at school, following consultation with the school nurse, may be dismissed. If for any reason the nurse is not available, the student should report to the main office. Students are not to dismiss themselves if they are ill or have an injury. Before dismissing any student, we must notify a parent or guardian. This practice is followed even if the student is 18 years of age. Any student who leaves the building without proper dismissal will be subject to the consequences for being AWOL and leaving the building without permission.
Elevator

Students with permission to use the elevator must check into the nurse’s office to obtain a pass from our nurses. Students with medical restrictions are required to check into the nurse’s office to obtain an elevator pass.

Student Records

I. Inspection of Record

A parent, or a student who has entered the ninth grade or is at least 14 years old (eligible student), has the right to inspect all portions of the student record upon request. The parent and/or eligible student have the right to receive copies of any part of the record, although a reasonable fee may be charged for the cost of duplicating materials. The record must be made available to the parent or eligible student no later than ten (10) calendar days after the request, unless the parent or student consents to a delay. The parent and/or eligible student may request to have parts of the record interpreted by a qualified professional of the school, or may invite anyone else of their choosing to inspect or interpret the record with them.

II. Confidentiality of Student Records

With a few exceptions, no individuals or organizations but the parent(s), student, and authorized school personnel are eligible to access information in or from a student record without the specific, informed written consent of the parent or the student. One such exception is the authority of the school district to forward, without consent, the complete student record to schools or school districts to which a student transfers or enrolls.

III. Amendment of the Student Record

Eligible students and/or parents have the right to add additional information, comments, data, and/or other relevant material to the student record. Eligible students and/or parents also have the right to request in writing that the student record be amended. Any such request should be directed to the building Principal. The building principal will render a written decision on such a request within one week.

IV. Destruction of Student Records

The regulations require that certain parts of the student record, such as the temporary record, be destroyed within seven (7) years of a student’s transfer or graduation. School authorities are also allowed to destroy misleading, outdated, or irrelevant information in the record from time to time while the student is enrolled in the school system. Before any such information may be destroyed, the parent and eligible student must be notified, and provided with the opportunity to obtain a copy of any records to be destroyed. Our school retains a transcript of student records for sixty years.

The above is only a summary of some of the more significant provisions of federal (the Family Educational Rights and Privacy Act) and state regulations pertaining to student records that relate to student and parent rights. If more detailed information is desired, a copy of the regulations may be obtained from the principal's office or the Department of Elementary and Secondary Education. These are designed to insure parents' and students' rights of confidentiality, inspection, amendment, and destruction of student records, and to assist school authorities in their responsibilities for the maintenance of student records. The regulations apply to all information kept by a school committee on a student in a manner such that the student may be individually identified. The applicable regulations may be found at 603 CMR 23.00.
Disclosure of Directory Information

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Westborough Public Schools, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child’s education records. However, Westborough Public Schools may disclose appropriately designated “directory information” without written consent, unless you have advised the district to the contrary in accordance with district procedures. The primary purpose of directory information is to allow the Westborough Public Schools to include this type of information from your child’s education records in certain school publications. Examples include but are not limited to:

- A playbill, showing your student’s role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members

Directory information, which is information that is generally not considered harmful or an invasion of privacy, if released, can also be disclosed to outside organizations without a parent’s prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish year books. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories – names, addresses, and telephone numbers – unless parents have advised the LEA that they do not want their student’s information disclosed without their prior written consent.

If you do not want Westborough Public Schools to disclose directory information from your child’s education records without your prior written consent, please notify the Principal in writing. Please specify the agencies, purposes and/or information you do not want released. Westborough Public Schools has designated the following information as directory information:

- Student’s name
- Participation in officially recognized activities and sports
- Address
- Telephone listing
- Weight and height of members of athletic teams
- Email address
- Photograph
- Degrees, honors, and awards received
- Date and place of birth
- Major field of study
- Dates of attendance
- Grade level
- The most recent educational agency or institution attended

Student Parking/Parking Lot

Parking on school grounds is a privilege that comes with responsibilities. These include, but are not limited to, avoiding excessive speed or any reckless behavior while operating a vehicle.
Students may park only in the designated student sections. The cars must display a parking sticker on the rear view mirror. Stickers are available in the main office for free. Registration forms must be filled out each year and filed with the office.

Parking violations will be issued for those cars:
- Parking in the wrong area
- Parking improperly
- Parking in fire lanes or no parking zones
- Blocking access to dumpsters or other areas surrounding building
- Parking in a handicapped space

Violations are subject to warnings, detention, towing at the owner’s expense and possible loss of parking privileges. If a car simultaneously violates more than one of the above listed violations, it is subject to immediate towing.

As parking on campus is voluntary, vehicles that school authorities suspect may contain illegal substances or materials may be searched. Such a search will be conducted, when possible, in the presence of the vehicle’s operator. Any illegal materials will be turned over to Westborough Police.

Any student whose car is found to contain alcohol, illegal drugs or weapons will immediately have their parking privileges revoked. Additionally, any students driving recklessly or with excessive speed on campus may have their car banned from campus or may be barred from driving on campus.

**Idling of Motor Vehicles**

For the safety and welfare of students and staff, we would remind you that Massachusetts law prohibits the unnecessary idling of motor vehicles on school grounds. M.G.L. c.90, §16B and 504 CMR 27.00 prohibits operators of motor vehicles from allowing any motor vehicle to idle unnecessarily on school grounds.

**Academic Information**

Our academic program at Westborough High School provides students with a strong core curriculum and a rich variety of elective offerings. Each spring, the *Program of Studies* is available to our students. It describes the nature and expectations for each course and levels of study for the selection of courses to be taken the subsequent year.

**Graduation Requirements**

Each student must pass a total of 24 credits which includes successful completions in:
- 4 years of English (Grade 9, 10, 11, 12)
- 3 years Mathematics
- 3 years of Science (2 laboratory courses)
- 3 years of Social Studies (including 2 years of United States History and United States History II)
- 4 semesters of Physical Education
- 1 semester of Health/Wellness
- 8.5 credits of electives

CPR/AED Training

As part of our ongoing commitment to our students and the community at large, all ninth grade students will be trained in Cardiopulmonary Resuscitation (CPR) including the instruction in the psychomotor skills necessary to perform CPR and the use of Automated External Defibrillators (AED’s). As this is a yearly expectation, by the end of the 2019 school year and beyond, all Westborough High School Students will be trained.

Massachusetts Comprehensive Assessment System

High School Graduation Requirements, Scholarships and Academic Support Opportunities. Please refer to the following link for updated information:

http://www.doe.mass.edu/lawsregs/603cmr30.html?section=03

The Massachusetts Education Reform Law of 1993, state law, G.L. c. 69, section 1D, requires that all students who are seeking to earn a high school diploma, including students educated at public expense in educational collaboratives and approved and unapproved private special education schools within and outside the state, must meet the Competency Determination (CD) standard, in addition to meeting all local graduation requirements.

Each student is also required to pass the Massachusetts Comprehensive Assessment System (MCAS) exams in Language Arts, Mathematics and Science. Tenth graders take MCAS tests in the spring of each year. Students who fail either one of these two tests will receive extra support and repeat individual tests in grades 11 and 12 until they receive a passing grade.

Course/Level Change Policy

With the support of teachers, counselors and parents, students should make thoughtful course selections for the following year. Course change requests that come after classes have started in the fall are difficult or impossible to honor. Students should follow directions shared by administration if a course change is necessary. As the year progresses, if the student is having documented academic issues (low quiz and test grades that are below a 70) then a student will have the opportunity to pursue a course/level change. After consulting with their teacher, students should consult their School Counselor to start this process.

Schedule Change Procedure

Students can request a change in a scheduled class according to the following timeline and guidelines:

· Students should use the online form shared by administration from the time schedules are released in the summer until the Friday before school starts

· From Tuesday until the Friday after Labor Day (new process may be developed in the event the start of school is delayed for any reason) students can request a schedule change by using the proper form located in School Counseling; Administrators will handle these changes. (No schedule change requests will take place during the first three days of school.)
Students who wish to change a course after the last school day of September must complete the Course Change form (2-sided document) from their School Counselor; change(s) from this point on will affect the student's transcript.

A student who withdraws from a VHS class after two weeks from the start of the course will receive a WP or WF on their transcript to reflect the course dropped.

Independent Study courses are at the sole discretion of the sponsoring teacher and Administration.

The process for changing a 2nd semester course elective will be communicated prior to that semester.

**Repeating a Course Previously Passed**

A repeated course which has previously been passed does not factor in GPA. A repeated course does not receive graduation credit and cannot be used in fulfilling athletic eligibility requirements for participation.

**Transfer Students**

Students who take courses at a high school other than Westborough High School or an approved summer school program will receive transfer credits on their transcripts.

Students who are transferring into Westborough High School will receive credit from the sending school at WHS' discretion. However, these courses and grades will not appear on WHS transcript and will not be calculated in the WHS grade point average.

For students to be considered in the class histogram requires three consecutive semesters of enrollment at WHS.

Students who transfer into WHS will not be eligible for valedictorian or salutatorian.

For any students entering WHS after the beginning of the school year, administration will make all final decisions on credits awarded.

All students transferring into Westborough High School must provide a complete copy of their previous school district student record at the time of their enrollment. Students who do not have a copy of their student records must provide the Westborough Public Schools with written authorization to obtain the student’s record from the previous school district. M.G.L. c.71, §37L.

**Quest**

The number of seniors considering a Quest internship during the last six weeks of their high school career has been increasing every year. The value and significance of quality internships both locally and nationally has increased leading to the possibility of more students wishing to participate. Students and parents should review the Quest requirements when considering a Quest internship. This information can be obtained from the Quest Coordinator.

**Grading for Quest Students**

Full Year Course:
Final Average = .20(Q1) + .20(Q2) + .10(MYE) + .20(Q3) = Final Average; the divisor is 70%.

Second Semester Elective:
Q3 = Final Average
(There will be no Senior Final Exams or Quest Exams starting in 2017-2018).

Marking System

Academic achievement is formally reported four times each year in every course. Students also receive mid quarter progress reports four times each year. A letter grade indicates the level of achievement, and there are specific comments accompanying. Credits are awarded upon successful completion of each course. Successful completion requires a minimum grade of D- (60). Refer to the Program of Studies for more specific information.

Homework Guidelines

The WHS faculty is committed to assigning out-of-school learning activities that are:

· Meaningful, Fair, Relevant, & Considerate of time

Homework represents independent preparation that takes place outside of classes. The ability to work independently is critical for intellectual development and personal confidence.

Reflection, practice and synthesis of classroom material are essential for achievement. Students must fully understand each teacher's expectations for completing homework.

**District Policy and Information regarding Homework and Assessment during Religious holidays**

Parent/Guardian Guidelines for Viewing Grades Online

As a district, we are committed to student learning and believe that effective communication is an essential part of the process. We believe that this system involves three invested parties--teacher, student, and parent/guardian--with the student at the center. Therefore we have adopted an online gradebook with a desire to share details of academic progress and increase student responsibility. We hope access to information helps both students and parents/guardians track and understand student progress in individual classes.

At WHS we also recognize that grades are but one of several tools that can be used to monitor student achievement. Our high school believes that although reporting grades is necessary, it is more important to emphasize the learning, growth, and development of all students.

When viewing your student's academic progress online, please be mindful of the following:

- Use the online grade information as a means for a productive and positive conversation about the learning process with your student. For example, you can discuss the experience of completing the work and what was learned.
- Encourage your student to monitor their own progress online. High school students should take ownership of, and have responsibility for, the grades they have earned. Students should address questions or concerns about their progress directly with the teacher.
Talk to your student. Often, students have additional information about assignments, class work, and grades. Bear in mind, ongoing assessments may raise or lower a grade prior to the conclusion of the marking period.

Different courses and instructors have varying systems for evaluating work, calculating and reporting grades. This information will be communicated to students by their teachers.

Online updates will vary from class to class. However, all online grades will be up to date at mid-quarter and at the end of each marking period. Please refer to the following dates:

- range: mid-quarter date plus 7 days;
- end of quarter reporting date is approx. 1 week after end of quarter

Transcripts

Students requesting an official transcript to be sent as part of a scholarship application must request the transcript as least 2 school days in advance.

Incomplete Grades

During the first, second and third quarter, students who have been ill for an extended amount of time will receive an incomplete (I) for that quarter grade. Students must make up all incomplete work within two (2) weeks after the quarter ends. Work that is not made up will receive a zero. Exceptions to this policy will be requested through individual teachers and a student’s school counselor. During the fourth quarter, incomplete grades may be given to students for extenuating circumstances. Teachers will notify the student’s counselor in writing of all fourth quarter incomplete grades.

Unable to Assess

This year, WHS will be exploring a new component to our grading practices. This new practice will allow teachers to enter an appropriate notation for students who have not been present in class for an assessable period of time or who have been unable to complete sufficient work to assess for a grading term due to extenuating circumstances. This practice will be created based on collaboration with and feedback from staff and students and will be inserted here in the handbook when complete.

Midyear and Final Assessment Activities

Midyear and final assessment activities are scheduled at the conclusion of each semester in all subjects. There is a two hour time block in which a student will have 90 minutes to complete each exam and they are valued at 20% of each semester’s grade. At the discretion of the teacher, students that have achieved an A- (90 or better) may be exempt from final assessments for those subjects. Exemptions do not apply for Midyear assessments for full year classes. Two exams are given on exam days - 8:10 am to 10:10 am and 10:40 am to 12:40 pm. Students are released from school at 12:40 during midyear and final exam days. Students who will be absent during their exam for any reason, such as family vacation, must receive teacher and administration approval in order to reschedule.
Make-up Work

All class work and assignments that are incomplete because of short term absence from classes must be made up within **five days** of returning to school. The only exception will be in extreme cases of prolonged absence. **A day’s absence does not excuse a student from a previously scheduled test or presentation.** Grades are incomplete until all make-up work is completed. A grade recorded as incomplete will become a failing grade if the matter is not reconciled within 2 weeks after the quarter ends. Students must secure all make-up work from teachers immediately upon return to school. If a student will be out of school for an extended period (3 days or more), a parent should contact the Main Office to request homework assignments. If a student will be out of school because of illness for **more than 10 school days**, parents should notify our school nurse and the appropriate school counselor to arrange for home tutoring. Medical documentation is needed for extended absences.

After School Make-up/Extra Help

Our teachers are available each afternoon to provide extra support for students. Students and parents may request a conference with an individual teacher at a mutually agreed upon time. Our teachers will insist that a student stay after school if it is apparent that the student is not achieving. A **late bus** is available Tuesday through Thursday to accommodate students remaining after school.

Students on suspension will be afforded the opportunity for makeup, including tests, quizzes and homework.

Tutorial Services

The National Honor Society provides tutoring for students after school hours. The form to request tutoring is available from teachers and school counselors. Students who are confined to their home or to a hospital setting for medical reasons in excess of 14 days in a school year are eligible to request tutorial services. Please contact the Principal’s office for additional information regarding home/hospital tutorial services.

Summer School Policy

**Eligibility:** To be eligible for summer school a student must have received a minimum average of 50% in the failed course. Courses taken during summer school are not factored into GPA.

**Credits:** To receive credit for a failed course, the student must earn a minimum grade of 70% in an approved summer school. This grade will be recorded in the student’s transcript but does not count in GPA.

**Non-Credit:** A course taken during the summer to improve a passing grade for enrichment will not receive credit, but will be recorded on the student’s transcript. This grade **will not** count in GPA.

**Repeating a Course:** Students who fail a course that is not made up during summer school can repeat the class during the next school year for credit.

Prerequisite Grades

The purpose of a prerequisite system is to provide guidelines to a student prior to attempting certain academic programs.

Back to Table of Contents
**Summer School:** students who attend summer school to meet departmental course prerequisites (see program of studies) must attain the departmental prerequisite grade in the summer school course, and must successfully complete a departmental exam.

**Tutoring:** students who are tutored to meet the departmental course prerequisites (see program of studies) must take and achieve the prerequisite grade on the DEPARTMENTAL EXAM in their present course. A book and a course syllabus may be obtained from the high school. Only students taking honors level courses in Math and Foreign Language are eligible for summer tutoring.

### Promotion Policy

In order to continue with their class, a student must be able to accumulate sufficient credits to meet graduation requirements by graduation day of senior year. Every student is scheduled for 7 credits each year. To move into the next grade, a student must have the following number of credits:

- Grade 9: 4 Credits
- Grade 10: 10 Credits (cumulative)
- Grade 11: 17 Credits (cumulative)

### Unweighted Grade Point Average (GPA)

Individual student unweighted GPA is computed annually based on course credits and final grades and is not weighted by course level. All Westborough High School courses in English, Mathematics, World Language, Science, Information Science, Social Studies and Health are included in computing the unweighted GPA. Business Education, Fine Arts, Family & Consumer Science and Industrial Technology courses are only

included at Level 3 or 4. Summer school grades and enrichment course grades are not included in determining GPA, but are recorded on the student’s transcript.

### Computing an Unweighted GPA

1. Convert each letter grade to its unweighted GPA equivalent (see chart above)
2. Multiply each unweighted GPA equivalent by the credit assigned to that course.
3. Add the results of step two
4. Divide the result of step three by the total number of credits attempted.

### Weighted Grade Point Average (GPA)

Individual student weighted GPA is computed annually based on course credits and final grades and is weighted by course level. *Calculations for senior class rankings are computed after 7 semesters of study.* All Westborough High School courses in English, Mathematics, World Language, Science, Computer Science, Social Studies and Health count in the school’s GPA. Only level 3 and level 4 courses in Business Education, Fine Arts, Family and Consumer Science and Industrial Technology count in the school’s GPA. Summer school grades and enrichment course grades are not included in determining GPA, but are recorded on the student’s transcript.

TO CALCULATE A WEIGHTED GPA:
1. List each course, final grade and level that count in the school’s GPA.
2. List the quality points and the credit assigned to each course.
3. Multiply the credits x quality points for each course.
4. Add the quality points in the last columns.
5. Add the credits in the credit column.
6. Divide the quality point total by the credit total to determine weighted GPA.
   \[
   \text{Quality Point / Credit Total} = \text{Weighted GPA.}
   \]

National Honor Society

The National Honor Society recognizes students who have demonstrated outstanding standards in the areas of scholarship, character, leadership and service. Our Honor Society Faculty Council makes all decisions regarding membership. According to the national charter, only those students who have been in the school for the equivalent of one semester are eligible for membership. Eligible students include sophomores, juniors and seniors. Documentation of a previous induction for students transferring to Westborough High School will allow for their membership to continue here.

Student Attendance Policies and Procedures

All students are expected to attend school on a regular basis. Under the laws of the Commonwealth of Massachusetts: “Every child between the ages of 7 and 16 is compelled to attend school.” At Westborough High School pupils 16 years of age or over are also expected to conform to the same rules of attendance.

The Westborough School District adheres to, and is in full compliance with, Chapter 76 of the laws of the Commonwealth of Massachusetts which defines attendance regulations. Except in cases of illness or other extenuating circumstances, students are expected to be present when school is in session.
Class Attendance

Students are expected to be present for every class session for each course in which they are enrolled. Upon a student’s 19th unexcused absence from a year long course (1 credit) and 10th absence from a semester course (0.5 credit) they will lose credit for that course.

Notifications

Utilizing the Connect5 technology, WHS will notify parents/guardians of students who are recorded as absent from school. This notification will be in the form of a phone message and email. Under all circumstances, parents will be contacted within 3 school days following a student’s absence if the school has not received notification as to the reason for the absence from a parent.

Upon reaching five (5) days of unexcused absences in the school year, a student’s parent or guardian will be contacted and a meeting will be conducted for the purpose of developing action steps to address the student’s attendance

Loss of Credit warning letters will be sent out on a quarterly basis. When a student fails to receive credit for a course due to unexcused absence, the final course grade is recorded on the student’s report card. If the course is required for graduation (e.g., American History) and the student earns a passing grade, this graduation requirement is considered fulfilled. Please note that this may not fulfill admission requirements for college. Students in this situation should check with the prospective college immediately. However, all students must earn the minimum of twenty-four (24) credits required for a Westborough High School diploma.

Attendance history is recorded on students’ quarterly Report Cards, while a student’s credit totals are recorded on their final Report Card. A student’s attendance history is available in PowerSchool.

Excusable Absences Requiring Formal Documentation

- Death in the family (parent, sibling, grandparent, aunt, uncle, niece, nephew, cousin.)
- Health Professional appointment (Doctor, dentist)
- School sponsored/sanctioned activities: field trips, class meetings, up to 3 college visits (juniors and seniors only) with a parent note and documentation from the college.
- College accepted students days (seniors only) with proper documentation and Principal approval.
- Religious Holiday
- Legal/Court appointments

These absences will be considered “excused” and will not count toward the limit of 18 or 9 for semester course provided that upon the student’s return to school the proper documentation has been forwarded to the main office.

Family Vacation Policy

As you plan family vacations we urge you to schedule those trips during times when school is not in session. Extended absences from school are discouraged because they are disruptive to your child’s education. According to school policy, we do not provide homework in advance for students who miss school due to family
trips or vacations. As you plan future family vacations please keep in mind that all family vacations and family trips that occur when school is in session will be recorded in your student’s attendance record as an “unexcused absence.” If an extended time away from school is unavoidable, please send a note to the teachers and the building principal. If your student exceeds the number of unexcused absences – 18 in a full school year course, and 9 in a semester long course – then the student will not receive course credit for taking that course. Please contact your school if you have any questions concerning family vacations.

**Participation in Co-Curricular & Extra-Curricular Activities**

Any student who is absent from school on a particular day will not be allowed to participate in any school activities or dances on that day. (The only exception would be if the absence from school has been authorized by the principal or designee, in advance.) This rule applies to games, practices, club meetings, rehearsals, dances and any inter school competitions. Other special requests for excused absences or the changing of final exams must be cleared in advance by the principal prior to approval. Additionally, to participate in athletic or other school sponsored activities students must report to school by 10:30 am and may not be dismissed prior to 10:30 am. In rare cases the principal may consider these tardies and dismissals “excused”, e.g. doctor’s appointment, court appearance etc. A student must be present in school on Friday meeting attendance requirements (before 10:30 am) in order to be eligible to participate in a weekend event.

**Tardies and Dismissals**

Formal documentation, see above, will also be required to “excuse” absences when a student reports late to school or is dismissed from school. If the student misses more than half of a class that class shall be considered an absence. For students who are habitually tardy to school, administration will notify parents with a Connect5 message. Classes missed by students who have been sent home by our school nurse due to illness will be considered “excused.” Prior parent notification, note or phone call, is required for a student to be dismissed. **Dismissals are not allowed on days of Junior Prom, Senior Ball and Holiday Ball - except for documented medical, dental or court appointments.**

**Suspensions**

Classes missed due to disciplinary action are considered unexcused absences. Students shall, however, have the opportunity to make academic progress while suspended from school.

**Tardiness to School**

All tardy students are required to report to the main office for a pass to class.

**All students who are tardy unexcused must see their Assistant Principal during break.** Students who do not see the Assistant Principal may be assigned an office detention for 'failure to report', or may face loss of school privileges.

The consequences for being tardy are listed below.

- Signing in after 8:25 - Students may be assigned an office detention or be required to stay after school for extra help that day
- Third and subsequent tardies, regardless of arrival time in any quarter - office detention

[Back to Table of Contents]
Students with significant and prolonged attendance issue may face loss of participation in school events, and/or suspension (this behavior will be considered a violation of the Good Citizenship Rule)

Students who are frequently tardy will be referred to the appropriate Assistant Principal for a meeting. Students who miss over half of a class will be recorded as absent for that class. If a student misses 2 or more classes due to tardiness on five (5) school days during the school year, the parent or guardian will be contacted and a meeting will be conducted to develop an action plan to address the student’s attendance.

As previously mentioned in this handbook, students may not attend field trips if they are tardy to school.

Tardiness to Class

A student who reports late to class without a written excuse is recorded as an unexcused tardy. Teachers will keep students after school and when necessary refer ongoing tardiness to one of our Assistant Principals.

Truancy

Students who are truant from school or classes (AWOL) will receive three detentions for each missed class (eighteen for one complete day) and may be subject to suspension.

Credit Reinstatement Contracts

Students who have lost credit in courses due to excessive absences may request a Credit Reinstatement Contract with an assistant principal. Such contracts are created on a case-by-case basis. General expectations for a contract include: no further unexcused absences, no further violations of school discipline code and maintaining a solid academic record.

School Counseling Department

The mission of the School Counseling Department at Westborough High School is to support and advocate for the personal, social, intellectual, academic and career development of all students. In an effort to promote student success, we strive to collaborate with all members of the community including students, parents, faculty and administration. As counselors, we are committed to helping students become 21st Century Learners, while fostering their independence and success as engaged members of society.

School Counseling Program

The School Counseling Department delivers a comprehensive program to support and advocate for all students in a variety of ways to meet their individual needs. A common objective throughout the program is to empower students to thrive as individuals throughout and beyond high school. This is done by reinforcing the concepts of ownership, organizations, self-advocacy and inquiry as necessary components to students’ personal empowerment.

The WHS School Counseling Program is based on national and state school counseling standards and is organized into three domains: Academic Development, Personal/Social Development and Career/College Planning. It is delivered both formally and informally, through classroom lessons, small group discussions and
individual meetings. With collaboration and reinforcement from other faculty and departments in the school, objectives for these domains are woven throughout the students’ careers and WHS.

**Individual Meetings with School Counselors**

Students may schedule individual meetings with their counselor through email or by visiting the School Counseling Office and seeing one of the Counseling Department secretaries. Students schedule individual appointments for a variety of reasons, including but not limited to: academic support; assistance with college and career planning; interpretation of test scores; course selection; help with home, school or social concerns; or any other questions a student may feel that they would like to discuss with their counselor.

**School Adjustment Counselor**

We also offer the services of a school adjustment counselor who provides additional therapeutic support to students who are experiencing emotional or social difficulties.

**School Nurse/Health Information**

If a student becomes ill in school, they should report to the nurse. Students may not leave the building because of illness without authorization. If the nurse is not available, please report to the main office.

The high school nurse screens 9th graders for scoliosis and substance use prevention. SBIRT (Screening, Brief Intervention, Referral to Treatment) is a substance use prevention program to educate students and identify those at risk for harmful behaviors. 10th Graders are screened for vision, hearing, height and weight. Parents may choose to have their child opt out of these screenings by notifying the school nurse in writing within the first 2 weeks of school.

Comprehensive physical exams are required for all new students and students in grade 11. Students participating in interscholastic sports must have a current physical on file. Physicals for sports are valid for 13 months from the date of the physical. Physicals dated past 13 months are considered expired.

Our school nurse is unable to provide transportation home for students who are injured or become ill. If it is the professional opinion of the nurse that the student should be sent home, either she, or a secretary will call and ask a parent to arrange transportation. In the case of serious accident or illness, the nurse will contact the parents and call for an ambulance.

**Guideline to Head Injury Protocol & Timelines**

The purpose of the “Head Injury Protocol" according to the MGL 105.201.000 Head Injuries and Concussions in Extracurricular Athletic Activities Section 200.01 is:

“To provide standardized procedures for persons involved in the prevention, training, management and return to activity decisions regarding students who incur head injuries while involved in extracurricular athletic activities, including but not limited to interscholastic sports, in order to protect their health and safety.”

The goal of this timeline is to ensure student safety within the school environment, effective management of concussion symptoms in addition to the establishment of an academic plan to aid student success. Please
refer to the following link for the detailed protocol: HEAD INJURIES AND CONCUSSIONS IN EXTRACURRICULAR ATHLETIC ACTIVITIES

MDPH Information on Substance Abuse Disorder

On March 14, 2016 Governor Charlie Baker signed landmark legislation into law to address the deadly opioid epidemic plaguing the Commonwealth. The bill is titled An Act relative to substance use, treatment, education and prevention. The new law includes multiple provisions including a 7-day limit on every opiate prescription for minors (with certain exceptions), a mandate for a verbal screen for substance use disorders in students and a requirement that information on opiate-use and misuse be disseminated to all students participating in an extracurricular athletic activity prior to their athletic season. This information can be found at the sports concussion website www.mass.gov/sportsconcussion.

The following is a link for information on substance use and misuse, where to get help for your child, resources and a link to the Department of Public Health Bureau of Substance Abuse Services: http://www.mass.gov/eohhs/gov/departments/dph/programs/community-health/dvip/injury-prevention/substance-use-disorder.html

Medication Policy

The Westborough Public Schools Medication Policy follows medication administration parameters set by the Massachusetts Department of Public Health, in conjunction with the Massachusetts Board of Registration of Nursing. In addition, we collaborate with our school physician. The complete District policy is available in each nurse’s office and on the District web site at the following link: Westborough Public School Medication Policy 2012-2014, section J-LCD-R.

If this policy is not followed, the nurse will be unable to administer the medicine and the parent will have the option to personally administer the medicine.

Student Activities

Our goal is to foster and support the participation of all students in a wide variety of student activities such as clubs, organizations, athletics, music, theatre etc. In an attempt to prevent the elimination of some of these activities the School Committee seeks financial support through an Activity Fee Schedule.

Participation in school athletics/activities is voluntary and a privilege. The Activity Fee is non-refundable, unless the following occurs:

● Student is cut from the athletic team prior to the first event.
● Student does not participate for more than two weeks in an activity.

The Westborough Public Schools Activity Fee Policy is available at the following link: Activity Fee Policy. Invoices will be emailed after tryouts, and payment is due upon receipt. If payment is not received, your student will be ineligible to participate in future athletics/activities. Unpaid balances will be handled as follows:

● Seniors - cap and gown will be held
● Will be a violation of the Good Citizenship Policy

Class Officers

The class officers of Westborough High School provide a variety of activities that relate to the social and financial well-being of their class and of the school in general. They work closely with their class advisors throughout the year and with other members of the school community as special needs arise. To be eligible to become a class officer, a student must be a member of the class, have a completed nomination paper, a speech before the class, be elected and fulfill complete responsibilities.

All class officers are required to be present at ALL regularly scheduled meetings either with the class advisor or with the administration. Failure to be present at two meetings will result in a written warning of impending removal from office following a third unexcused absence. When a student has a third absence, the officer will be notified in writing regarding their removal from office. Serious infractions of school rules may also result in removal from the position of class/club officer.

After School and Evening Activities

Our school social activities and events are solely for Westborough High School students. The rules regarding conduct (including the drug and alcohol policy) stated in the handbook also apply to all after-school, school sponsored and evening activities.

Once a student enters the building for an evening social activity, they cannot leave and then return to the activity. No one may enter the social activity more than one hour after it has begun. Students should keep their ID’s with them at all times.

Special activities at the school usually end no later than 10:30 pm. Tickets are sold in advance. Students are permitted to invite guests to attend school events, but only with prior approval of an administrator. Guest Verification forms are located in the office or on the website.

**Athletics**

Our athletic program represents an important extension of school and all students are encouraged to participate as players and as spectators. Our expectations for spectators are every bit as high as they are for athletes.

We have great pride in the quality of our play and the caliber of our sportsmanship. We strive to always be gracious in victory and maintain dignity in defeat. While winning is a proper goal, it can never come at the expense of healthy values.

**Fall Sports:** Football, cross country, boys' golf, field hockey, soccer, volleyball and cheerleading

**Winter Sports:** Alpine skiing, basketball, hockey, gymnastics, swimming, indoor track and cheerleading

**Spring Sports:** Softball, baseball, girls' golf, lacrosse, tennis and track

**Academic Eligibility for Athletics**

A student must secure during the marking period preceding the contest (e.g. second quarter marks and not semester grades determine third quarter eligibility) a passing grade in the equivalent of six subjects. To be eligible in the fall, students are required to have passed for the previous academic year, six major courses or the equivalent of six credits. The academic eligibility of all students is official on the date when the report cards for that marking period are distributed to all students.

Incomplete grades are included in determining eligibility. Summer school courses taken and passed to make up a failed course (or loss of credit) are included in determining fall eligibility.

**Athletic Rules and Regulations**

The Principal and Athletic Director of Westborough High School have authority and responsibility for the entire athletic program, athletes, events and spectators. The Principal has the final word on team eligibility and individual participation.
Participation in Activities

Students are not permitted to participate in athletic or other school sponsored activities on any day that they do not arrive to school by 10:30 am or if they are dismissed before 10:30 am.

Student Codes of Conduct

Members of our school community have a responsibility to conduct themselves in a manner that demonstrates respect for the rights and property of others. This includes all curricular, co-curricular and special events, both on and off campus, to and from school.

Westborough High School values a respectful and safe school community. To assist in the maintenance of an orderly educational system, disciplinary regulations have been established and apply to all students. Teachers, support staff, students and parents are expected to bring violations to the attention of our administrators. Our assistant principals and principal will interpret the rules and policies and apply them in a manner consistent with their intent. Every effort will be made to balance consistency with fairness and reason in the use of our regulations.

Teacher and administrative detention, along with parent conferences, represent the preferred consequences with student accountability. However, behavior that threatens others, violates the law or disrupts the environment for learning represent legitimate cause for short-term suspension from school, long-term suspension or expulsion. The consequence in each instance will be defined by the seriousness of the infraction, and an individual’s overall record of citizenship.

Good Citizenship

Students at Westborough High School are members of a community who work together toward a greater good. To that end, respectful behavior and upstanding character are ongoing expectations. In order to participate in all WHS offerings, including athletics and extra-curricular activities, students must meet the written and implied expectations of our school community and culture. Additional privileges to be earned through good citizenship in the high school community include, but are not limited to:

● access to school facilities before and after school
● morning break
● assemblies
● field trips
● lunch in the common area
● parking on campus
● hallway passes
● recognitions and awards

Students who cannot abide by these expectations or who disrupt academic and social processes may lose any or all of the above privileges.

Back to Table of Contents
Digital Citizenship

WHS grants students the privilege of access to computers, and/or a local area network, the Internet, and other technology tools, all of which are owned, maintained, and controlled by Westborough Public Schools. We expect that students will use these technology resources only in accordance with the WHS’ values and mission and only for academic purposes. The use of the school’s technology resources is a privilege and may be revoked for repeated violations of policy or a single substantial infraction. Students should not expect any privacy in their use of the school’s technology resources. All data created, stored, received, sent, and viewed on or through such resources are subject to monitoring and access by the school at any time.

Consequences for students who violate this citizenship expectation may include the revocation of student access to all technology resources, loss of any other privileges at WHS, detention, suspension, or expulsion.

Procedures for Addressing Issues/Conflict

- Parents should encourage students to address issues with their teacher directly.
- If the student is not satisfied, the student should seek out the respective department head.
- If further clarification is needed, a parent/guardian should contact the teacher.
- If the parent is still not satisfied with the outcome, the parent should contact the appropriate Assistant Principal/Principal.

Detentions

Students who fail to attend a teacher detention will receive two office detentions. Failure to serve an office detention receive AP (Assistant Principal) detentions. A student who skips an AP detention is subject to suspension for up to three (3) days.

- Students are expected to serve their office detentions on the days assigned by an assistant principal. If a student needs to stay after school for extra help, they must follow the same procedure for working off a detention. Staying after school for extra help does not count as a detention unless approved by an assistant principal.
- Detention slips issued are for informational purposes only, listing the days students are expected to attend detention. Any problems should be resolved with an assistant principal.
- Students may work off detentions with a teacher by doing work for a teacher (such as collating, organizing books, cleaning etc.). The student must report to office at 3:17 pm with a note from the teacher including the date and time stating that they worked off their detention. Work detentions must be a minimum of 30 minutes to reduce one detention; 40 minutes of work will reduce two detentions.
- Students do not need to bring detention sheets to detention.
- Teachers may designate “NO WORK” detentions.

When a teacher takes a student from the detention hall for academic help, the assistant principal will determine if credit for reduction of detentions is to be given. Students may not leave detention with a teacher without prior approval of the principal or assistant principal. Daily detentions are from 2:37 to 3:17 pm in a designated location which will change on a quarterly basis.
Students who have received an AP detention may be suspended for three (3) days for any violation of school rules. Example: excessive tardiness, AWOL from class etc.

Harassment, intimidation and bullying within the Westborough Public
School community will not be tolerated and all complaints will be taken seriously and promptly investigated. The purpose of this policy is to prevent harassment, intimidation, and bullying between or among any members of the school community and to offer persons who believe they have been subject to it an efficient and effective means by which to end it.

Nothing in this policy shall prevent the Westborough Public Schools from responding to discrimination or harassment based on a person’s membership in a legally protected category under local, state or federal law. The Westborough Public Schools has established separate discrimination and harassment policies that provide protection to specific categories and groups of students and staff.

B. Scope

III. Reporting and Investigations of Bullying

Back to Table of Contents
The following procedures are based on the requirements of M.G.L. c. 71, § 370. In addition to the requirements of M.G.L. c. 71, § 370, where the alleged conduct is on the basis of race, color, national origin, age, gender, gender identity or expression, sexual orientation, disability or religion, the district should also consider whether the conduct constitutes a hostile environment based on those protected classes, consistent with its Discrimination and Harassment Policy.

A. Reporting bullying or retaliation. Reports of bullying or retaliation may be made by staff, students, parents or guardians, or others, and may be oral or written. Oral reports made by or to a staff member will be recorded in writing. A school or district staff member is required to report immediately to the principal or designee any instance of bullying or retaliation the staff member becomes aware of or witnesses. Reports made by students, parents or guardians, or other individuals who are not school or district staff members, may be made anonymously. The school or district will make a variety of reporting resources available to the school community including, but not limited to, an Incident Reporting Form, a dedicated mailing address, and an email address.

Use of an Incident Reporting Form is not required as a condition of making a report. The school or district will: 1) include a copy of the Incident Reporting Form in the beginning of the year packets for students and parents or guardians; 2) make it available in the school’s main office, the counseling office, the school nurse’s office, and other locations determined by the principal or designee; and 3) post it on the school’s website. The Incident Reporting Form will be made available in the most prevalent language(s) of origin of students and parents or guardians.

(i) Reporting by Staff

A staff member will report immediately to the principal or designee when they witness or become aware of conduct that may be bullying or retaliation. The requirement to report to the principal or designee does not limit the authority of the staff member to respond to behavioral or disciplinary incidents consistent with school or district policies and procedures for behavior management and discipline.

(ii) Reporting by Students, Parents or Guardians, and Others

The Westborough Public Schools expect students, parents or guardians, and others who witness or become aware of an instance of bullying or retaliation involving a student to report it to the principal or designee. Reports may be made anonymously, but no disciplinary action will be taken against an alleged aggressor solely on the basis of an anonymous report. Students, parents or guardians, and others may request assistance from a staff member to complete a written report. Students will be provided practical, safe, private and age-appropriate ways to report and discuss an incident of bullying with a staff member, or with the principal or designee.

B. Responding to a report of bullying or retaliation.

(i) Safety

Before fully investigating the allegations of bullying or retaliation, the principal or designee will take steps to assess the need to restore a sense of safety to the alleged target and/or to protect the alleged target from possible further incidents. Responses to promote safety may include, but not be limited to, creating a personal safety plan; pre-determining seating arrangements for the target and/or the aggressor in the classroom, at lunch, or on the bus; identifying a staff member who will act as a “safe person” for the target; and altering the aggressor’s schedule and access to the target. The principal or designee will take additional steps to promote safety during the course of and after the investigation, as necessary.

In determining the steps necessary to restore a sense of safety to the alleged target and/or to protect the alleged target from possible further incidents, the principal or designee shall consider that certain students may
be more vulnerable to becoming a target of bullying or harassment based on actual or perceived differentiating characteristics, including race, color, religion, ancestry, national origin, sex, socioeconomic status, homelessness, academic status, gender identity or expression, physical appearance, pregnant or parenting status, sexual orientation, mental, physical, developmental or sensory disability or by association with a person who has or is perceived to have one or more of these characteristics.

The principal or designee will implement appropriate strategies for protecting from bullying or retaliation a student who has reported bullying or retaliation, a student who has witnessed bullying or retaliation, a student who provides information during an investigation, or a student who has reliable information about a reported act of bullying or retaliation.

(ii) Obligations to Notify Others

(a) Preliminary Notice to Parents or Guardians. There may be circumstances in which the principal or designee contacts parents or guardians prior to investigation or an investigative determination. Any such Notice will be consistent with state regulations at 603 CMR 49.00.

(b) Notice to another School or District. If the reported incident involves students from more than one school district, charter school, non-public school, approved private special education day or residential school, or collaborative school, the principal or designee first informed of the incident will promptly notify by telephone the principal or designee of the other school(s) of the incident so that each school may take appropriate action. All communications will be in accordance with state and federal privacy laws and regulations, and 603 CMR 49.00.

(c) Notice to Law Enforcement. At any point after receiving a report of bullying or retaliation, including after an investigation, if the principal or designee has a reasonable basis to believe that criminal charges may be pursued against the aggressor, the principal will notify the Westborough Police Department. Notice will be consistent with the requirements of 603 CMR 49.00 and locally established agreements with the local law enforcement agency. Also, if an incident occurs on school grounds and involves a former student who is no longer enrolled in school, the principal or designee shall contact the Westborough Police Department if he or she has a reasonable basis to believe that criminal charges may be pursued against the aggressor.

In making this determination, the principal will, consistent with the Plan and with applicable school or district policies and procedures, consult with the school resource officer, if any, and other individuals the principal or designee deems appropriate.

C. Investigation.

Upon receipt of a report or complaint that would, if true, constitute bullying, cyber bullying, or retaliation, the principal or principal's designee will promptly commence an investigation. In investigating any such complaint, the principal or designee will interview students, staff, and any witnesses to the alleged conduct. To the extent practicable and consistent with the principal's obligation to act promptly and to thoroughly investigate and address the matter, the principal or designee will maintain confidentiality during the investigative process and shall not disclose unnecessary or confidential information to interview subjects. During any such interviews, the principal will inform the target, aggressor, and all witnesses that retaliatory treatment of any individual for reporting or lack of cooperation with an investigation of bullying will result in disciplinary action may include suspension or expulsion from school.

Interviews may be conducted by the principal or designee, other staff members as determined by the principal or designee, and in consultation with the school counselor, as appropriate. To the extent practicable, and given their obligation to investigate and address the matter, the principal or designee will maintain confidentiality during the investigative process.
Procedures for investigating reports of bullying and retaliation will be consistent with school or district policies and procedures for bullying investigations. If necessary, the principal or designee will consult with legal counsel about the investigation.

At any point after receipt of a report of bullying or retaliation, including after an investigation, the principal shall notify the Westborough Police Department and School Resource Officer if the principal has a reasonable basis to believe that criminal charges may be pursued against the aggressor. Notice shall be consistent with the requirements of 603 CMR 49.00 and established agreements with the local law enforcement agency. The principal shall document the reasons for his or her decision to notify law enforcement. Nothing in this section shall be interpreted to require reporting to a law enforcement agency in situations in which bullying and retaliation can be handled appropriately within the school district or school.

D. Determinations

Within fourteen (14) school days of the principal’s receipt of the complaint of bullying, cyber bullying, or retaliation, the principal will make a determination based upon all the facts and circumstances. If, after the investigation, bullying or retaliation is substantiated, the principal will determine what remedial action may be required, if any, and determine what responsive actions and/or disciplinary action is necessary. The principal’s findings and determinations shall be documented in writing on the Incident Reporting Form.

If the principal or designee determines that a student knowingly made a false allegation of bullying or retaliation, that student may be subject to disciplinary action.

Depending upon the circumstances, the principal or designee may choose to consult with the students’ teacher(s) and/or school counselor, and the target’s or aggressor’s parents or guardians, to identify any underlying social or emotional issue(s) that may have contributed to the bullying behavior and to assess the level of need for additional social skills development.

E. Notice of Investigative Findings

Upon determining that bullying or retaliation has occurred, the principal or designee will promptly notify parents or guardians of the target and aggressor of this, and of the procedures for responding to it. While prior notice of an investigation shall not be required, the principal shall not be precluded from notifying the parents of a target or aggressor prior to completion of the principal’s investigation. This communication will be done in the primary language of the home.

In notifying the parents of a target or aggressor of an investigation or the principal’s findings thereon, the principal shall maintain the privacy and confidentiality of any individual or child who is not the child of the parents to whom the notice is provided. The principal shall ensure that any notice to the parents complies with applicable state regulations including, but not limited to, 603 CMR 49.00, and shall not report specific information to the target’s parent(s) about the disciplinary action taken against an aggressor unless it involves a “stay away” order or other directive that the target must be aware of in order to report violations.

The notice to the parents or guardians of the victim shall include information about the Massachusetts Department of Elementary and Secondary Education’s (“DESE”) problem resolution system and the process for seeking assistance or filing a claim through the problem resolution system. The parents of the victim should be provided the following contact information: Program Quality Assurance Services, Massachusetts Department of Elementary and Secondary Education, 75 Pleasant Street, Malden, MA 02148-4906, Telephone: 781-338-3700; TTY: N.E.T. Relay: 1-800-439-2370.

IV. Responses to Bullying

1. Teaching Appropriate Behavior Through Skills-building
Upon the principal or designee determining that bullying, cyber-bullying, or retaliation has occurred, the law requires that the school or district use a range of responses that balance the need for accountability with the need to teach appropriate behavior. Westborough Public Schools administrators and staff may consider the following skill-building approaches:

- offering individualized skill-building sessions based on the school’s/district’s anti-bullying curricula;
- providing relevant educational activities for individual students or groups of students, in consultation with guidance counselors and other appropriate school personnel;
- implementing a range of academic and nonacademic positive behavioral supports to help students understand pro-social ways to achieve their goals;
- meeting with parents and guardians to engage parental support and to reinforce the anti-bullying curricula and social skills building activities at home;
- adopting behavioral plans to include a focus on developing specific social skills; and
- including offerings, supports and, where appropriate, individual behavior plans addressing the recognition that certain students may be more vulnerable to becoming a target of bullying or harassment based on actual or perceived differentiating characteristics, including race, color, religion, ancestry, national origin, sex, socioeconomic status, homelessness, academic status, gender identity or expression, physical appearance, pregnant or parenting status, sexual orientation, mental, physical, developmental or sensory disability or by association with a person who has or is perceived to have one or more of these characteristics.

2. **Taking Disciplinary Action**

If the principal or designee decides that disciplinary action is appropriate, the disciplinary action will be determined on the basis of facts found by the principal or designee, including the nature of the conduct, the age of the student(s) involved, and the need to balance accountability with the teaching of appropriate behavior. Discipline will be consistent with the Plan and with the school’s or district’s code of conduct. Possible consequences to serious incidents of bullying include suspension and expulsion from school.

Discipline procedures for students with disabilities are governed by the federal Individuals with Disabilities Education Improvement Act (IDEA) and Section 504 of the Rehabilitation Act of 1973 which should be read in cooperation with state laws regarding student discipline.

If the principal or designee determines that a student knowingly made a false allegation of bullying or retaliation, that student may be subject to disciplinary action.

3. **Promoting Safety for the Target and Others**

The principal or designee will consider what adjustments, if any, are needed in the school environment to enhance the target’s sense of safety and that of others as well both while the investigation is pending, if necessary, and subsequent to a determination that bullying has occurred. One strategy that the principal or designee may use is to increase adult supervision at transition times and in locations where bullying is known to have occurred or is likely to occur. The principal or designee may also implement a safety plan. In developing a safety plan, the principal or designee shall consider that certain students may be more vulnerable to becoming a target of bullying or harassment based on actual or perceived differentiating characteristics, including race, color, religion, ancestry, national origin, sex, socioeconomic status, homelessness, academic status, gender identity or expression, physical appearance, pregnant or parenting status, sexual orientation,
mental, physical, developmental or sensory disability or by association with a person who has or is perceived to have one or more of these characteristics.

Within a reasonable period of time following the determination and the ordering of remedial and/or disciplinary action, the principal or designee will contact the target to determine whether there has been a recurrence of the prohibited conduct and whether additional supportive measures are needed. If so, the principal or designee will work with appropriate school staff to implement them immediately.

V. ANTI-RETALIATION PROVISION

Behavior that is interpreted as retaliatory in response to a bullying complaint being filed, or cooperation with the investigation thereof, is in violation of this policy and is subject to the same reporting and investigative procedures as the initial complaint. Filing of false reports is also in violation of this policy. Persons found to be engaging in retaliation or filing false reports of bullying or harassment will be subject to disciplinary action.

Consistent with state and federal laws, and the policies of the Westborough Public Schools, no person shall be discriminated against in admission to a public school in Westborough or in obtaining the advantages, privilege and courses of study of such public school on account of race, color, sex, religion, national origin, age, gender identity, disability, or sexual orientation. Nothing in the plan prevents the school or district from taking action to remediate discrimination or harassment based on a person’s membership in a legally protected category under local, state, or federal law, or school or district policies including its Discrimination and Harassment Grievance Procedures. In addition, nothing in the Plan is designed or intended to limit the authority of the school or district to take disciplinary action or other action under M.G.L. c. 71, §§ 37H, 37H½, 37H¾, or other applicable laws, or local school or district policies in response to violent, harmful, or disruptive behavior, regardless of whether the Plan covers the behavior.

**Use of Cafeteria and Lunch**

Please take your place in line for the purchase of food and beverages and do not cut into lines. Students will be required to use a keypad entering their student identification number when purchasing items in the cafeteria. For information regarding setting up lunch accounts and other information, please contact Claudette Barrett, the school district lunch coordinator at (508) 836-7720 x3155.

All food must be eaten at the tables. Good manners should be used at all times. (see Good Citizenship Code). The picnic tables outside the cafeteria may be used when weather permits. Students are permitted to go outside, but they are not permitted sitting wall or beyond the outside cafeteria plaza.

Students are expected to take trays, dishes, bottles and papers to the disposal and recycling bins, and to push chairs into the tables before leaving.

Students are to remain in the cafeteria or designated outside areas until the bell rings. Students are not permitted in the lobby or on the second or third floors. Violations will result in detention or suspension.

**Behavior in Class**

Students are expected to be present, prompt, prepared and participate as directed in the activities of each lesson.

Students sent out of class by their teacher for disrespectful or disruptive behavior must report directly to the main office. First offenses may result in 3 AP detentions, a second offence, 3 AP detentions and parent contact; a third offense, up to 3 days of suspension.

**Behavior in Corridors, Stairwells and Balconies**

Passing between periods is to be orderly, direct and responsible. Generally, everyone must keep to the right and there may be not loitering.

During break, students should keep clear of hallway intersections. Students should remain to the sides of the corridor to allow others to pass. Any student sitting on the floor should not block the paths of others. There is no sitting allowed on any stairways.
Building Use after Hours - Flex Time

Flex Time details:
The goal of flex time at end of day is for students and teachers to use this time to improve student achievement by providing opportunities for students to receive targeted assistance for their specific needs, more time for quality feedback, and more options for enrichment and extension;

And, time could be used for other non-instructional activities that would support students in meeting other obligations (e.g. leave for work, family commitments, medical/legal appointments)- Parent/Guardian Sign-off is required for students to leave the building before the end of Flex Time.

After school hours students should leave the building within 20 minutes of the conclusion of the school day, or proceed to appointments with teachers, activities or sports.

Bus Conduct

The bus driver is in complete charge of the bus at all times. Students will remain seated while the bus is in motion, or if authorized to stand, will have a secure grip on a handhold while the bus is in motion; be courteous to others on the bus; listen carefully obey instructions from the driver; and behave responsibly.

Students will not eat food or have beverages on the school bus, smoke on the bus, extend arms or any part of the body outside the window of the bus, put books, lunch boxes or any other articles in the aisles. Students will not vandalize or destroy the bus or its equipment. Changing seats while the bus is in motion; shouting or making excessive noise that might distract the driver is not allowed. Throwing anything out of a bus window or door, teasing, fighting, pushing, or verbally abusing others on the bus will result in the elimination of bus privileges.

Violations will be reported to the assistant principal who will administer discipline that may include a parent conference. In severe cases of misconduct, the principal may suspend a student out of school, assign him/her a permanent seat on the bus, or suspend bus-riding privileges. All school rules are in effect at school bus stops and on the school bus.

Displaying Affection

Public displays of affection represent inappropriate behaviors that have no place in our school. Violators will be reminded once and then face consequences for insubordinate behavior. While we will do everything possible to avoid embarrassment, this issue must be addressed.

Dress Code

Westborough Public School's Dress Code

Please search Section J-ICA after clicking on the above link.

Westborough High School’s expectations regarding proper standards for student dress were reviewed by a representative group of faculty, students and administration. The initiative was taken to more clearly define what is and is not appropriate dress.
We believe that WHS students should take pride in their personal appearance. With this in mind, appropriate dress should be worn for both the school day and all events that are sponsored by the school:

- Students dress should not create a disruption that could directly interfere with the educational process.
- Students should refrain from wearing shirts or tops that expose, or do not sufficiently cover the front, back and midriff (including, but not limited to, halter tops, muscle shirts). All tops should be long enough that none of the midriff is exposed. All tops will have straps on both shoulders.
- All undergarments should be covered by outer clothing (i.e. straps under outer clothing should be at least one inch in width to ensure coverage. Pants should be worn high enough on the waist so that undergarments are not visible.
- No clothing that advertises or displays illegal substances, alcohol, weapons or tobacco products or that is imprinted with designs that are vulgar, profane or express ethnic slurs may be worn.
- In an effort to create a safe environment, the wearing of hats, bandanas, hoods, sunglasses, durags, handkerchiefs or other material that covers the head or face and/or interferes with the identification of a student is prohibited.

Exceptions for religious or medical circumstances must be approved by an administrator.

Violators of the school dress code will be required to change into acceptable clothing. If there is none available, parents will be required to bring clothes to school.

**Alcohol Testing**

Recognizing that alcohol consumption has no place in school or at school events, and the severe safety risks associated with alcohol consumption, the Westborough School Committee has authorized the use of breath test devices for students. If a student appears to be under the influence of alcohol, an electronic breath tester will be used to help assure that students are safe.

If the student of the test indicates that alcohol has been consumed, the student will be released to parent's custody, and a meeting scheduled to discuss the matter. If the test is negative, the parent will still be called and informed of the test. If a student refuses to take the test, and after being provided an opportunity to give their side of the situation, they may be subject to school consequences based on an administrator's determination that the student is under the influence of alcohol and the parents being contacted.

**Drug Searches Utilizing Police Dogs**

Our legal and moral obligation is to provide a drug-free environment. The Westborough Police Department and police dogs will, at our request, conduct random searches in the school building and school grounds. While we will ensure the rights of students, our intent is to take a strong position regarding possession, being under the influence or distributing illegal drugs or alcohol.

Searches utilizing police dogs may only be conducted when specifically requested by the principal or designee. The principal or designee will accompany the police on the search. Searches will only be done after school or during classes when students are not in the halls. The dog and the dog officer will only search lockers from the outside. If a police dog identifies a locker as a possible place for concealing drugs or weapons, the locker number will be given to the principal. The principal or designee will then conduct a search of the locker with the student present (if possible) according to existing school procedures. In the event that drugs or a weapon are found, all decisions concerning school discipline and police referral will be made by the principal using
existing school procedures. Parents are notified immediately in the event drugs or a weapon is found. The Westborough School Committee approved random searches throughout the school year in 1995.

School Discipline and Students with Disabilities

Procedures for Suspension(s) not exceeding 10 days:

- Any student with a disability may be suspended for up to ten (10) days during the school year. Disciplinary decisions are the same for students without disabilities.
- Special circumstances exist if your child: possesses, uses, sells or solicits illegal drugs on school grounds or at a school sponsored event; carries a dangerous weapon to school or a school-sponsored event or causes substantial bodily injury to another at school or at a school sponsored event. Under these circumstances, the school district may exercise its authority to place the student in an interim alternative educational setting (IAES) for up to 45 school days. Thereafter, the student will return to the previously agreed-upon placement unless a hearing officer has ordered another placement, or you and the school agree to another placement.

Procedure for suspension of students with a disability when suspension exceeds 10 days:

- If a student with a disability is subject to a pattern of disciplinary removal exceeding 10 school days or excluded for more than 10 consecutive school days, the, this removal will constitute a “disciplinary change of placement”. A change of placement invokes certain procedural protections under federal special education law (and Section 504).
- Prior to any removal that constitutes a change in placement, a team of building administrators and relevant members of a student’s IEP/504 Team must meet to determine whether or not the behavior that forms the basis of the disciplinary action is related to the student’s disability. This consideration is called a “manifestation determination”. Parents have a right to participate in this process. All relevant information will be considered including the IEP (or Section 504 Plan), teacher observations and evaluation reports.
- At a manifestation determination meeting, the Team will consider:
  - did the student’s disability cause or have a direct and substantial relationship to the conduct in question?
  - was the conduct a direct result of the district’s failure to implement the IEP (or Section 504 Plan)?
- If the manifestation determination decision is that the disciplinary action was related to the disability, the student may not be removed from the current educational placement (unless under the special circumstances). The Team will review the IEP (or Section 504 Plan) and any behavioral intervention plans. If no behavioral intervention plan has previously been developed, a functional behavior assessment will be conducted.
- If the manifestation determination decision is that the disciplinary action was not related to the disability, then the school may suspend or otherwise discipline your child according to the school’s code of conduct. During the period of time of removal from school that exceeds 10 school days, the school district must provide educational services that allow your child to continue to make educational progress.

School personnel will provide Notice of Procedural Safeguards for students with disabilities prior to any suspension exceeding 10 school days in one school year.
Leaving School Grounds

Any student leaving school grounds without permission from the office will receive 5 detentions and will be assigned three detentions for each subsequent class missed, and receive a “0” for all work missed. A second or more offenses may result in a short term, external suspension.

Phones, Electronic Devices

Students are allowed to properly use phones, iPods, and other electronic devices ONLY during the following times: 1. prior to 8:10am (or before start of school), 2. during A.M. Beak, and 3. Lunches. Taking photos, or exchanging any inappropriate information, data, or texts are prohibited. Students are not to use any electronic devices including personal music players and cellular telephones on school grounds during any other portion of the school day. In addition, electronic devices and cellular telephones are not to be used in the locker room areas at any time. Students who are caught using any electronic device in the locker room area will have the device immediately confiscated and a parent will have to pick up the device. Westborough High School reserves the right to search the cell phone and personal information contained therein of students who bring or use their cellphones in school or use the cell phones in violation of school rules. Any student who violated this policy will face disciplinary consequences.

Posters and Banners

A school administrator must approve all posters and banners for display purposes. Banners in the foyer are not be taped; a cord must be used and banners may not extend below the surface of the concrete. Banners and posters will be removed if permission has not been given or if they are hung improperly. All posters should be affixed to bulletin boards.

Probation and Loss of Privileges

Our principal may place a student on social probation and/or revoke privileges entirely, for conduct judged to be seriously detrimental to the best interest and good order of the student.

Loss of privileges may take the form of restriction from attendance at school sponsored events held after school, such as tournaments, plays, dances, concerts, etc., or exclusion from participation in extra-curricular school activities such as athletics, plays, dances wherever held, or a combination thereof.

Our principal shall make the loss of privileges or probation specific as to length of time and to the nature of the restriction or exclusion.

Cheating/Plagiarism

Plagiarism represents a serious form of dishonesty. Our teachers feel that it is important for you to know what plagiarism is so that you will be able to avoid it in your schoolwork. Plagiarism is the copying and/or using of the ideas, the opinions, the information and the words of another person without acknowledging that the material is not your own. Plagiarism is deception because it leads others to believe that what you have written
is your own. It is also stealing because it is using the product of someone else’s work without giving the writer credit for the work.

**Penalty for Cheating/Plagiarism**

Cheating/Plagiarism in any form is not acceptable and will not be tolerated. Any student who cheats or commits plagiarism shall be subject to disciplinary action including, but not limited to, receiving a zero grade on the assignment, permanent removal from class and/or suspension or expulsion from school. Teachers shall notify administration of any suspected incidents of cheating/plagiarism, and the student’s school counselor and parents will be notified. In addition to imposing disciplinary sanctions, incidents of cheating/plagiarism will be documented into the administrative disciplinary database. Students who have been found guilty of some form of cheating may potentially forfeit entry into or be removed from the National Honor Society. Colleges or universities may be apprised of any student who has engaged in cheating/plagiarism.

**Reference Guide for Research Writing**

The guide is to aid you in incorporating research into your writing. For the complete manual, you can go to http://westboroughwhs.ss6.sharpschool.com/library__media/. For more information that is detailed and advice about ways to avoid plagiarism, please refer to the article in the style manual for research writing available in the high school media center.

**Restricted Areas**

Both parking lots and the areas beyond the lots are off limits during school hours. Students are not permitted in the halls, auditorium, stairwells, locker rooms and balcony areas during classes without a pass. If a student is reported to the office as being “out of area”, detentions will be assigned. During lunch periods, students who are at lunch are restricted to the cafeteria and outside picnic area.

**School “Skip” Days**

Please be aware that there is no provision for “skip days”. Days out of school without consent are unexcused absences and will result in detentions and/or suspension.

**Skateboarders and Roller Blades**

Skateboards and rollerblades are not permitted on school grounds or in the building. Detentions will be assigned for violations.

**Snowballs**

Throwing snowballs in any form is forbidden with a consequence for violation of 5 detentions. If there is injury or destruction that results, the consequences will include suspension.
Smoking/Tobacco Use

It shall be unlawful for any student enrolled in either primary or secondary public schools in the Commonwealth, to use tobacco products, including vaporizers and other nicotine delivery devices of any type on school grounds at any time. Any student found using or in possession of any tobacco product or vaping device or product on school grounds, on school buses or at school events will receive a three-day suspension from school and is subject to the consequences described in the Chemical Health Policy.

School Property

Each student is provided with textbooks, workbooks, school loaned devices and other materials, as appropriate. No charge is made, but these materials are on loan and must be returned. So that other students may be afforded the same opportunities, each student is encouraged to give proper care to the loaned materials. Where severe damage does occur or an article is lost, the student is required to pay for it. Failure to pay can mean the loss of privileges, including the non-issuance of report cards.

Search and Seizure

A student’s person, personal possessions, student locker, and motor vehicle may be searched whenever school administrators have reasonable suspicion that the student is in possession of illegal, prohibited, or contraband items/materials. Any and all illegal, prohibited, or contraband materials discovered as a result of such a search will be confiscated. Students found in possession of such items or materials will be subject to discipline and/or criminal prosecution.

In regard to school administrator’s authority to conduct such searches, the Supreme Court of the United States of America has ruled:

1. A warrant is not required before a teacher or school administrator conducts a search of a student suspected of violating a school rule or criminal statute.

2. Probable cause is not required before a student may be searched; rather before conducting a search, the teacher must have “reasonable grounds for suspecting that the search will turn up evidence that the student has violated or is violating either the law or the rules of the school.”

3. The search must be reasonable in its scope as well as its inception.

Members of the administrative team will be responsible for conducting any such search and seizure.

Regarding lockers:

1. Master keys and copies of combinations for lockers are retained by the school administration.

2. The school administration retains the right to periodically conduct locker searches. Students should not have an expectation of privacy in the contents of their school lockers.

3. All students should be aware that the school administration will permit specially trained “search dogs” to patrol the hallways upon occasion, under the supervision of law enforcement officials and completely at the discretion of the administration, and that the enforcement officials relative to the results of any searches that may be performed during such dog patrols including, without limitation, delivering any contraband discovered to said officials.
All students should also be aware that school lockers assigned to individual students by the school’s teachers or administration remain the property of the school and that the administration reserves the right to open and inspect any locker or desk and its contents at any time. In the event that any illegal substances, weapons, tobacco products, or other contraband are found in the locker or desk assigned to a student, that student shall be presumed to possess that contraband and shall be subject to immediate and appropriate discipline. Students have no right to privacy in the lockers assigned to them nor in the belongings students store in those lockers. Therefore, it is important that students not give out their locker combinations, or tamper with the locking mechanism.

Senior Violations

A senior who in the final days of school commits a serious act against the school, the faculty or a fellow student, may be suspended from senior events including prom, senior banquet, senior luncheon, senior trip, awards assembly, baccalaureate and graduation exercises.

Weapons on School Grounds

Chapter 150 of the Acts of 1987 added the following paragraph to GL c71, s.10. Whoever is not a law enforcement officer, and notwithstanding any license obtained by him under the provisions of chapter one hundred and forty, carries on his person a firearm as hereinafter defined, loaded or unloaded, in any building or on the grounds of any secondary school, college or university without the written authorization of the board or officer in charge of such secondary school, college or university shall be punished by a fine or not more than one thousand dollars or by imprisonment for not more than one year, or both. For the purpose of this paragraph, “firearm” shall mean any pistol, revolver, rifle or smoothbore arm from which a shot, bullet or pellet can be discharged by whatever means. Student’s found in possession of a weapon on school grounds or at school-sponsored events are subject to expulsion. M.G.L. c.71, §37H.

Threats of Violence

Westborough Public Schools has developed an anonymous tip line for parents and students to report any issues of potential violence or drug related concerns. Please see the district website and click on the anonymous link. Ensuring student safety is the highest priority of all administrators, teachers and parents. We will assess school safety annually and include measures to address security as part of the School Improvement Plan.

Parents have the right to be informed in matters of safety that affects their children. Using their discretion, the principal will make the decision concerning parent notification based on their assessment of factors including, but not limited to, the scope of threat or violence, the immediacy of the threat, the identity of the (alleged) perpetrator, and the form of the threat. In general, decisions regarding parental notification of such issues will be made in the following manner:

Priority Notification:

- Their child is specifically threatened as an individual or as a group such as one class
- Explosives or weapons are found at school
- A verbal or written threat is very detailed and demonstrates realistic elements of planning
A well-defined threat is related to a significant incident at an area school

Non-Priority Notification:
When in our principal’s judgment the threat does not pose a genuine concern, the matter will be handled seriously, but parents will not be notified.

- Copycat messages
- Wall graffiti
- Notes on scrap paper or book covers
- Pranks

Methods of Communication to Parents:
When the principal chooses to communicate with parents concerning threats to safety, there will be a uniform message using Connect 5, channel 12, a letter, call-in line at school, or other expedient and effective means. Our principal will periodically update parents through either Connect 5, a newsletter or memorandum. Parents can direct questions regarding school security to the principal.

Further, any retaliation against an individual who has complained of, or has cooperated in an investigation of a complaint, about discrimination, harassment or sexual harassment shall not be tolerated. If the Westborough Public Schools finds that an individual has violated this policy, we will act promptly to eliminate the conduct, impose corrective action as necessary, including disciplinary action where appropriate. Additional information regarding the Westborough Public Schools' non-discrimination Policy and procedures may be accessed at the link provided above or in principal’s office.

Pregnant Students M.G.L. c.76, §84

Pregnant students will be permitted to attend school. The student and her physician, in cooperation with the school staff, will develop an appropriate educational plan if it is agreed she should no longer attend school regularly. Every effort will be made to see that the educational program of the student is disrupted as little as possible; that health counseling services, as well as instruction are offered; that return to school after delivery is encouraged; and that every opportunity to complete high school is provided.

Sex Education Policy

Every city, town, regional school district or vocational school district implementing or maintaining curriculum which primarily involves human sexual education or human sexuality issues shall adopt a policy ensuring parental/guardian notification. Such policy shall afford parents or guardians the flexibility to exempt their children from any portion of said curriculum through written notification to the school principal. No child so exempted shall be penalized because of such exemption.

The department of education shall promulgate regulations for adjudicator’s proceedings to resolve all disputes arising under this section.
Right to Know Law

The Right to Know law regulates the rights of employees and community residents to learn about the nature and effects of hazardous material to which they are exposed. It does not ban the use of toxic substances. Rather it mandates the education of people exposed to these substances. Employers are required to conduct annual training programs and to supply information on each toxic or hazardous substance used, handled or stored in the workplace.

Westborough Public Schools
Student Technology Responsible Use Policy

By using the Westborough Public School district technology resources students are agreeing to abide by the terms and conditions of this policy.

The Westborough Public Schools (WPS) provides employees and students with access to the district-wide school network, which also serves as our gateway to the Internet, and school issued technology. The network has been developed for educational purposes. It is intended to assist in preparing students for success in life in the 21st century by providing access to a wide range of information resources and the ability to communicate with people throughout the world.

The system/network may not be used for illegal purposes, in support of illegal activities, or for any activity prohibited by district policy, including circumventing firewalls, filters, or access controls and/or accessing forbidden or inappropriate material.

The WPS utilizes and maintains a CIPA compliant content filter to reduce the risk of inadvertent exposure while recognizing that it will never provide assurance of complete filtering.

To protect student privacy and ensure safety, the following guidelines are to be followed:

- Teachers may send email to their students to communicate reminders, course content, and pose questions related to class work.
- Students may send email to their teachers with questions or comments regarding class.
- Students may send email to other students to collaborate on group projects and assist with school classes.

**Monitoring Use and Expectation of Privacy**

At any time and without prior notice, WPS reserves the right to monitor, inspect, copy, review, and store any and all usage of the network and the Internet, as well as any information sent or received in connection with this usage.

The district reserves the right to temporarily block any device suspected of interfering with the proper operation of the network, school, or district or of posing an immediate risk to people or property until it can be demonstrated that the issue has been resolved.

Students using district devices can expect the same level of privacy as from their lockers and students using personal devices can expect the same level of privacy as from their phones.

**Parent/Guardian Responsibility:**

Monitor student internet and social media use at home. Contact a teacher if any questions arise. Parents/Guardians are encouraged to monitor their children’s computer usage at home. When school issued devices are used at home it is recommended that they are used in a central location where supervision can be maintained.

(d) Any student who has been expelled from a school district pursuant to these provisions shall have the right to appeal to the superintendent. The expelled student shall have ten days from the date of the expulsion in which to notify the superintendent of his appeal. (e) Any school district that suspends or expels a student under this section shall continue to provide educational services to the student during the period of suspension or expulsion, under section 21 of chapter 76. If the student moves to another district during the period of suspension or expulsion, the new district of residence shall either admit the student to its schools or provide educational services to the student in an education service plan, under section 21 of chapter 76.

On an annual basis, the department of elementary and secondary education shall make district level de-identified data and analysis, including the total number of days each student is excluded during the school year, available to the public online in a machine readable format. This report shall include district level data disaggregated by student status and categories established by the commissioner.

(g) Under the regulations promulgated by the department, for each school that suspends or expels a significant number of students for more than 10 cumulative days in a school year, the commissioner shall investigate and, as appropriate, shall recommend models that incorporate intermediary steps prior to the use of suspension or expulsion. The results of the analysis shall be publicly reported at the school district level.

MGL Ch. 71 Sec. 37H ½

(a) Upon the issuance of a criminal complaint charging a student with a felony or upon the issuance of a felony delinquency complaint against a student, the principal or headmaster of a school in which the student is enrolled may suspend such student for a period of time determined appropriate by said principal or headmaster if said principal or headmaster determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school. The student shall receive written notification of the charges and the reasons for such suspension prior to such suspension taking effect. The student shall also receive written notification of his right to appeal and the process for appealing such suspension, provided, however, that such suspension shall remain in effect prior to any appeal hearing conducted by the superintendent.

Such decision shall be the final decision of the city, town or regional school district with regard to the suspension.

(b) Upon a student being convicted of a felony or upon an adjudication or admission in court of guilt with respect to such a felony or felony delinquency, the principal or headmaster of a school in which the student is enrolled may expel said student if such principal or headmaster determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school. The student shall receive written notification of the charges and reasons for such expulsion prior to such expulsion taking effect. The student shall also receive written notification of his right to appeal and the process for appealing such expulsion; provided, however, that the expulsion shall remain in effect prior to any appeal hearing conducted by the superintendent.

(b) Any principal, headmaster, superintendent or other person acting as a decision-maker at a student meeting or hearing, when deciding the consequences for the student, shall exercise discretion; consider ways to re-engage the student in the learning process; and avoid using expulsion as a consequence until other remedies and consequences have been employed.

(c) For any suspension or expulsion under this section, the principal or headmaster of a school in which the student is enrolled, or a designee, shall provide to the student and to the parent or guardian of the student, notice of the charges and the reason for the suspension or expulsion in English and in the primary language spoken in the home of the student. The student shall receive the written notification and shall have the opportunity to meet with the principal or headmaster, or a designee, to discuss the charges and reasons for the suspension or expulsion prior to the suspension or expulsion taking effect. The principal or headmaster, or a designee, shall ensure that the parent or guardian of the student is included in the meeting, provided that such meeting may take place without the parent or guardian only if the principal or headmaster, or a designee, can document reasonable efforts to include the parent or guardian in that meeting. (d) If a decision is made to suspend or expel the student after the meeting, the principal or headmaster, or a designee, shall update the notification for the suspension or expulsion to reflect the meeting with the student. The principal or headmaster or a designee shall notify the superintendent in writing, including, but not limited to, by electronic means, of any out-of-school suspension imposed on a student enrolled in kindergarten through grade 3 prior to such suspension taking effect. The
superintendent or a designee shall hold a hearing with the student and the parent or guardian of the student within 3 school days of the student’s request for an appeal; provided that a student or a parent or guardian of the student may request and, if so requested, shall be granted an extension of up to 7 calendar days; provided further, that the superintendent, or a designee, may proceed with a hearing without a parent or guardian of the student if the superintendent, or a designee, makes a good faith effort to include the parent or guardian. At the hearing, the student shall have the right to present oral and written testimony, cross-examine witnesses and shall have the right to counsel. The superintendent shall render a decision on the appeal in writing within 5 calendar days of the hearing. That decision shall be the final decision of the school district with regard to the suspension or expulsion.
